**UPC Code:** 07847797667

**Country Of Origin:** Mexico

### Brand Features

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

### Item Description

Flexible Eye, Closed Mesh, Single Weave, Junior Duty, Pulling Wire Mesh Grip .620 - .740 Cable Dia.Range, Standard Length

### Technical Information

Material Specifications

**Grip Material:** Galvanized Steel

Mechanical Specifications

**Duty:** Junior

**Eye Type:** Flexible Eye

**Mesh Style:** Closed

**Weave:** Single

**Mesh Length:** 10

**Approx. Break Strength:** 2,800

**Workload Safety Factor (lbs):** 560

**Cable Range:** .620 - .740

Standards and Certifications

**Standards and Certifications:** CSA

**Warranty:** 2-Year Limited

Product Features

**Device Type:** Pulling Grip
