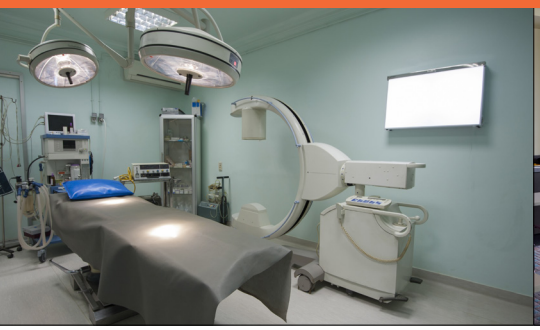
SELA
Architectural LED emergency lighting

Sure-Lites

The Sure-Lites SELA Architectural LED emergency series is the only UL924 code compliant solution that eliminates the traditional “bug eye” look. The decorative shroud can be field painted or covered with wall treatment enabling the customer to customize the appearance of fixture as well as have it blend into the surrounding aesthetic.

white | black | paintable | wall treatment

COOPER Lighting Solutions



replaces two traditional incandescent emergency lights

Feature	Benefit
Custom cover	Superior aesthetic by eliminating traditional EM appearance
Base unit recesses into the wall	Minimal presence; only the shroud is visible
Field paintable polycarbonate housing	Shroud can be customized to blend into the space
LED source with nickel cadmium battery	No maintenance required
Self-diagnostics	Eliminate labor to perform required NFPA testing
Adjustable optic with forward throw	Maximum design flexibility

edge

barrel*

arc

- The SELA is offered in two standard finishes: white and black
- Decorative covers are paintable to match interior.
* Barrel cover also accepts wall treatments.
