Description: 200A SURFACE MTRD 14X26

UPC No 784567206036

Home > Service Entrance > Surface - Metered

National Electric Code requires electrical distribution equipment to be rated as “Service Entrance”, wherever electrical power enters a building or other structure. Service entrance products are typically utilized on single-family residences and mobile homes. Midwest Electric offers a broad range of surface mount and pedestal units, factory assembled and wired. Pedestal units come standard with loop feed lugs to reduce installation time and labor expense. Service Entrance equipment is made of heavy, galvanized G-90 steel, preventing corrosion and fading.

Descriptors

Category	Surface - Metered

Specifications

Heads	1
Mounting	Surface
Amps	200.0 A
Metering	Ringless
Receptacles	None
Feed	Overhead/Underground
Installed Breaker	None
Additional Breaker Spaces Per Head	12
Wiring Configuration	Parallel
AIC	10,000
Cabinet Size	14 X 26
Circuit Protection	Provision for Field Installation
Hub Provision	No
Load Center	LC1212PC
Loop Feed	No
Phase	1
Unit Weight	32.0 lb
Volts	120/240
