

Eaton Type CH with trip flag Circuit breakers

Eaton's CHF circuit breaker— a best-in-class offering

Eaton has enhanced its premium Type CH residential circuit breakers, making the best even better. In addition to the industry exclusive "Trip to OFF" and simple 1-Step Reset feature, Eaton has added a trip flag to visibly indicate breaker status. Along with Tri-Drive screws and new markings that highlight ratings and the Eaton brand.

These additional features truly make this product a best-in-class offering for residential, light commercial and OEM applications.

Why Eaton CHF?

- Flag visually confirms "Tripped" status, making it easy for the homeowner to identify
- Exclusive "Trip to OFF" and simple 1-Step Reset breaker feature eliminates the need to turn the breaker off before turning to the ON position
- Tri-Drive screw accepts flat, Robertson or Phillips drivers, making it easier for electricians to install
- Space-saving ¾-inch design accommodates more breakers per panel
- Limited lifetime warranty

Typical installations

- Residential loadcenters and meter breaker panels
- Light commercial distribution panels
- Pool panels
- Residential transfer switch panels
- Various OEM applications

Standards

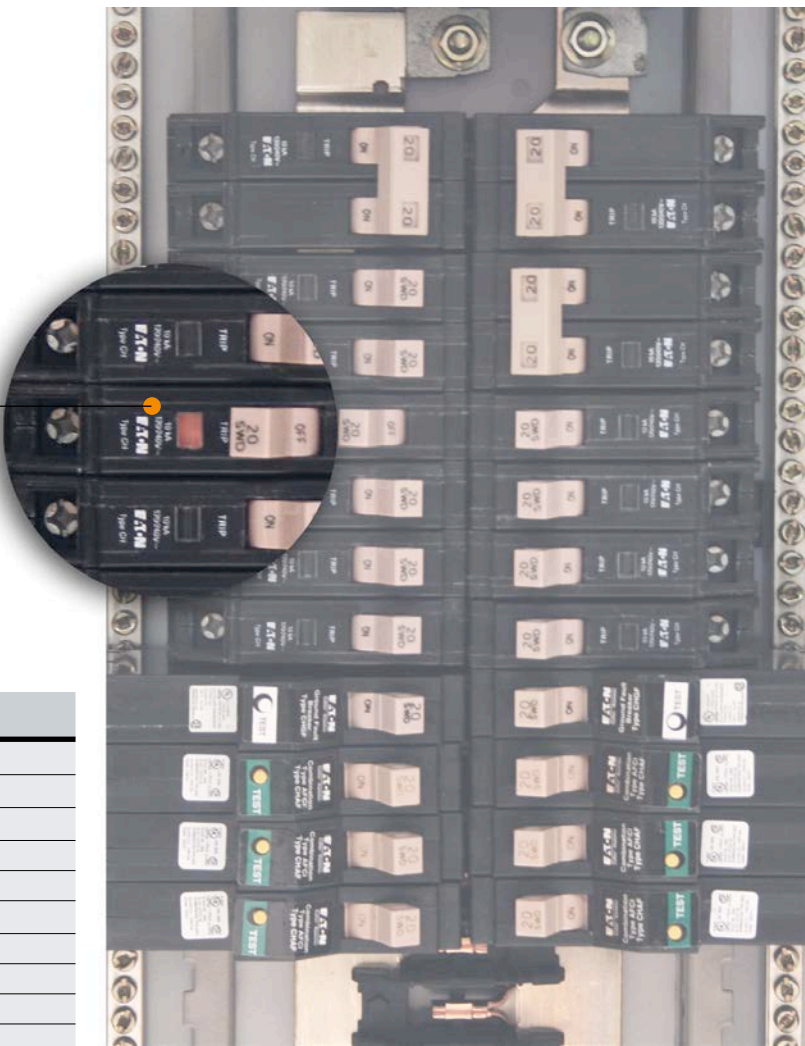

- UL® 489
- CSA® 22.2 No. 5

Powering Business Worldwide
