

IN-WALL 1500W RF SWITCH, WHITE

LC2201-WH | radiant

FEATURES & BENEFITS

The radiant® collection is a step up from the standard with simple, classic options in wiring devices, home automation controls and screwless wall plates that complement today's homes.

This in-wall switch can easily control any non-dimmable load or device. In the radiant® style, the LC2201 shares the collection's fit and finish for consistent color and clean, low-profile design. Legrand's RF Lighting Control switches and dimmers integrate with Intuity Home Intelligence, for superior and unified home control of your lights, security, audio, comfort, and more.

radiant® Screwless Wall Plate not included.
