adorne® & radiant®
WITH
Netatmo

The smartest way to take control of lights and power, optimized for whole home use.

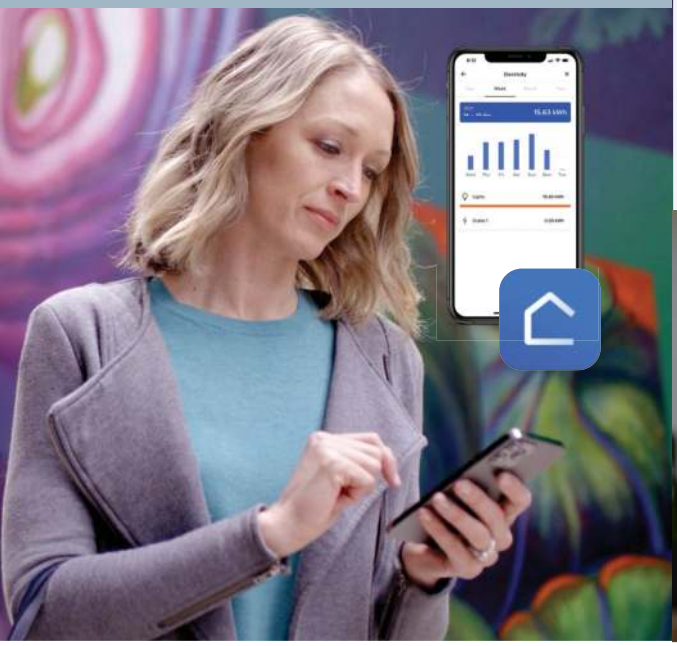

Leveraging leading Netatmo technology to provide unprecedented range and reliability, adorne and radiant with Netatmo are the ideal smart lighting solutions for total home control. Simply start with a Smart Gateway to create a dedicated network that strengthens with every added device. Then, select any combination of switches, dimmers and outlets available with Netatmo to fit a home's specific needs and style.

Control lights and power, from **anywhere.**

works with alexa

works with Google Home

Works with Apple HomeKit

FEATURES & BENEFITS:

- Gain ultra-reliable performance for an entire home, even in areas where Wi-Fi signals struggle
- Select from two flexible Smart Gateway options, in-box and surface-mount
- Replace any standard switch or outlet easily with simple and intuitive setup
- Set lighting for any mood, task or time of day with groups, scenes and schedules
- Monitor and manage energy usage within the app to reduce cost and waste
- Integrate with third-party home automation systems through an open API
- Mount wireless devices to any wall or surface

- ***Adds easy 3-way control***
- ***No wiring required***
- ***Battery-operated***
