

BRING SOMETHING **NEW** TO THE TABLE.

A/V Table Box

Cable Retractor

What's new? An innovative way to better manage technology in meeting rooms with the InteGreat™ Series, part of Wiremold® Meeting Room Solutions.

With the InteGreat Series, you can bring power, communications and A/V from the building infrastructure to the point-of-use with products that are designed to fit together, seamlessly.

InteGreat products are easy to install, organize and provide protection for cords and cables, while offering easy access for future technology upgrades. All in one flexible, reconfigurable solution.

This means you get a work environment that really works. With the InteGreat Series, you can bring great to the table.

Cable Management

Transition Channel

legrand®

InteGreat™ Series products are specifically designed to work and fit together, offering complete end-to-end cable management solutions.

A. AVIP Device Plates
A/V interface plates and devices are mounted in InteGreat™ A/V Table Box.

B. InteGreat™ A/V Table Box
Delivers device access to the work surface, fed from the InteGreat™ Cable Management system.

C. InteGreat™ Cable Retractors
Get a clutter-free look, while protecting and organizing cables.

D. InteGreat™ Cable Management
Better organizes cables under the table, while providing easy access.

E. InteGreat™ Transition Channel
Connects with Poke-Thru devices or OFR Series Overfloor Raceway for easy cabling transition.

F. OFR Series Overfloor Raceway
Feeds power, communications and A/V cabling from wall to the underside of table when you can't feed through the floor.

G. Evolution™ Series A/V Wall Box
Provides power, communications and A/V services to flat screen monitors.
